## SUPPORTED LEARNING

INSPIRE

**WE WANT EVERY STUDENT TO GET THE SUPPORT THEY NEED AT COLLEGE**

so we offer a range of supported learning courses with built-in support for young people with support needs with Education Health Care plans. On our courses you will work in small groups with in-class support and can get lots of other help e.g. speech and language support, English/maths support and job coaching.

Our courses include:

- Independence courses
- Vocational Taster courses
- Preparation for Work/Vocational courses in Performing Arts, Art and Design, Catering, Horticulture, working in a café, Retail, office skills
- Moving Into Work and Volunteering courses
- Supported Internships (Hospitality, Creative Industries, Project Search Lewisham)

In addition, if you are studying on one of our standard courses but feel that you need some extra help, we can provide in-class and other support for people with autism, Asperger syndrome, dyslexia, physical disabilities, visual and hearing impairments, and mental/personal care/health needs.

We will help you decide which course is best for you when you come for an interview. If you would like to visit us please see the College website to find out about our Supported Learning information events which we hold during the day so you can meet our students and visit some classes.
